

INHOUSE INFECTION CONTROL TRAINING

Sue Sandles, founder of Practice Base Solutions in 2005 has been in the dental industry for over 49 years as a dental nurse, manager, clinical coordinator, dental representative and a teacher of dental nursing. Sue also took time out and was a flight attendant with Qantas. Sue also presented a paper at the 11th Asia-Pacific Congress in Bangkok, Thailand on “First Impressions Count” in 2006.

In 2024 Sue presented at ADX Sydney on Infection Control “Most Common Mistakes Made in Dental Practice”. Sue will also be presenting at ADX Melbourne 2024.

Have you had a change in staff?

Make Sure your team are all on the same page and ensure infection control policies & procedures in your practice are compliant with **AS5369:2023 standards and ADAGuidelines for Prevention and Control**.

Our team’s knowledge and experience in infection control will ensure a positive outcome for both your patients & team.

Don’t miss this opportunity for your team to have 4 hours professional training

We also conduct in-house **Surgical Infection Control Workshop** in your surgery for the dental team.
